

# SCHOOL'S OUT! SCIENCE CAMP

## It's a Winter Wonderland!

At Straub Outdoors, we love being outside and sharing science, art, nature explorations and other activities with awesome kids. Our day camp program:

- Helps kids feel comfortable and safe in outdoor settings in all seasons;
- Provides hands-on educational experiences highlighting animals and habitats in the Willamette Valley;
- Inspires curiosity, cooperation and multi-sensory connections with nature;
- Teaches kids how to be good stewards of our natural environment.

This winter, School's Out! Science Camp will include daily "Puddle Stomper" field trips at parks and other natural areas close to Salem, followed by fun indoor science activities. Each day is limited to eight participants and activities are led by experienced Straub Outdoors instructors.

**Winter Break camp dates: December 27 – January 3** (Sign up for one or more days)

## IMPORTANT INFORMATION FOR PARENTS:
